2020 State Marching Band Festival Statement

To whom it may concern,

The decision has been made to host the 2020 Wyoming State Marching Band Festival virtually this year. Band Directors around the state came to this mutual agreement that for the safety and equal opportunity of all students, directors and patrons the best option was to host this festival virtually. Through this virtual festival, each high school marching band will be evaluated in the same areas as the previous festivals: Music, Marching, Percussion, and Auxiliary. Caption Awards will not be a part of the evaluation process this year.

Each marching band will submit a video performance of their marching show during the week of October 12th-16th. Judging results will then be released to the specific bands on October 17th, the original date scheduled for the State Marching Festival. Video performances of each high school show will additionally be released on October 17th for each high school band across the state to have the opportunity to watch their fellow peers performances and support the other high school marching bands.

Thank you.
