Re: SOFTBALL UMPIRES MECHANICS CAMP

We will be having our clinic on **Friday, March 20, 2026**, in conjunction with the Cheyenne Invitational Softball tournament. Camp will take place at the Cheyenne Junior League Baseball/Softball Complex. Instruction will start approximately 1 hour after the final game concludes. If the instruction has to be moved inside, we will communicate that location at that time. (This clinic could be moved to Gillette pending weather, decision should be made early in the week by the host schools).

More information will be sent out at a later date, but we wanted to get this information out to everyone as soon as possible.

This clinic, plus the closed book exam are requirements for all post season umpires. If the clinic is cancelled, we will run a clinic in conjunction with the State Tournament. Those that pass the closed book exam and only need the clinic to be eligible for post season would be eligible this season and must either attend the clinic at the state tournament or attend a clinic in the 2027 season for continued post-season eligibility.

This clinic will be **FREE** of charge!
