

## Vollygram #2 – 8/20/2025

We had a very productive zoom meeting on Monday night. I would like to give a shoutout to all of you who could attend. Also, a special thanks to our Associate Commissioner, Chad Whitworth, for all of his guidance. If you were unable to attend in person the meeting was recorded. I know that many of you are going to be officiating inter-squad scrimmages prior to the start of the season. Please send me any questions, concerns, or situations which may occur so that we can include them in the next Volleygram.

The NFHS Learn Center now has a video for helping to train your libero tracker. It is also a good reference for officials. It is called Officiating Volleyball: Libero Tracking and is found at the following site. <https://nfhslearn.com/library/videos/officiating-libero-tracking>

Coming in October they will have one on scorekeeping.

Here is contact information for two weekly zoom meetings that will take place throughout the season. Please let these officials know if you would like to be added to their link information.

Monday's (starting September 8th) at 8:00 p.m.

A correction from the NFHS was sent out on the rule interpretation Situation #4 COMMENT (everything else remains as presented) in Volleygram #1 in the multiple contact on second hit section. Our Volleygrams are now posted on our volleyball officials page of the WHSAA website.

The COMMENT should say: Team A's setter commits an illegal attack as soon as the ball is legally contacted by the opponent, and the fault takes precedence over the double-contact fault. Rule: 9-5-4

There have been some questions about line judge attire. This is not addressed in the rule book. Some schools may have them wear white shirts, but it is not a requirement. Also, only the R1 and R2 need to be in like colored shirts. Line judge attire may vary during postseason play per the WHSAA offices directive.

Thanks again for ALL you do.."It Takes a Village"
