### EVALUATION DESCRIPTORS

- 1-Needs to be developed
  - Applies to concept or skill unfamiliar to less experienced referees or a more complex concept or skill that apply to all referees. (NOT unsatisfactory)
- 2-Needs Attention
  - Applies to a concept or skill that the referee has implemented but simply needs to be more consistent or further developed.
- 3-Generally Good/Acceptable
  - Applies to a concept or skill that the referee clearly understands and consistently implements. No concerns.
- 4-Well Developed
  - Applies to a concept or skill that the referee consistently and effectively implements. Applies concept or skill to get plays right and/or successfully manages players and coaches. Understanding and implementation of concept or skill is a very good example for other referees.
- 5-Excellent (Top 10% of Officials)
  - Applies to a concept or skill that the referee excels at implementing as a lead referee. Referee performs concept or skill at the highest level which raises the success level of the crew.
